

**INTERNATIONAL ROAMING UNLOCK REQUEST**

<b>Customer Name</b>	
<b>Extension Number/ Direct dial of number to be unblocked</b>	
<b>Country Roaming to</b>	
<b>Date of leaving UK</b>	
<b>Date of arriving back in UK</b>	

I/We the undersigned agree and fully understand that by unlocking International Roaming I/we will incur additional charges.

I/We understand that by unlocking International Roaming it will mean that I can roam in any International Country and if I/we roam to any country other than the one confirmed above during the times set out above, I/we understand that this roaming will be billed at the appropriate rate and that I should contact Deskphone before travelling to any other country to check the charges that will apply and to request authorisation for this.

I/We understand that International roaming will only be unlocked for the time period mentioned above and that if I/We require International roaming to be unlocked again in the future I will need to complete another request form.

We strongly advise that due to high data roaming charges, you either turn off data on your handset or ask one of our support team to do this for you whilst you are roaming.
